

ZODIAC®

POOL AND SPA HEATERS
LXi™ | LEGACY™ | Hi-E2®

60 years of experience as the #1
selling brand of pool and spa heaters.

ULTIMATE COMFORT

Zodiac® Hi-E2® Heaters offer exceptionally low operating costs — experience the savings offered by the most advanced and fuel efficient heater.

Hi-E2 — THE MOST EFFICIENT HEATER

With an impressive 95% heating efficiency rating, the Hi-E2 outperforms any other gas heater, which means it can reduce operating costs by 30% or more. This ultra-efficient, low-maintenance heater is the perfect choice when considering economic operation or an extended swimming season. Dual thermostat controls make this an excellent solution for pool and spa combinations.

RELIABLE PERFORMANCE

A unique forced-air system makes this the ideal heater for use in extreme weather and in difficult or unusual locations.

EFFICIENT DESIGN

Safe and easy to maintain, the Hi-E2 employs our hot surface ignition system, completely eliminating the pilot light.

LOW MAINTENANCE

High-tech composite materials and quality construction make this a very durable and dependable unit.

Jandy® Legacy™ Heaters by Zodiac® — You can depend on the performance and reliability year after year, season after season.

JANDY LEGACY HEATER BY ZODIAC

VALUE AND EFFICIENCY

The atmospheric Legacy heater builds on Zodiac's long-standing tradition of excellence in gas heater design. Built to last and loaded with technologically-advanced, user-friendly features. Legacy heaters are an energy-efficient, economical pool heating solution.

- Copper heat exchanger and Flo-Thru baffles provide efficient heat transfer and lower the amount of energy needed to heat your pool.
- Available in two models, Electronic Ignition and Millivolt Standing Pilot.

LRZE (Electronic)

- Digital control of pool and spa set-points
- Self diagnostics and communication to AquaLink® RS Systems
- Polymer headers with CPVC 2/2.5" universal union connections

LRZM (Millivolt)

- Easy on/off temperature switch control
- Mechanical thermostat allows users to easily set pool or spa temperatures
- Polymer headers with CPVC 2/2.5" universal union connections

— Integrating the most
advanced features — from
superior hydraulic design,
to technologically-innovative
control systems.

JANDY LXi HEATER BY ZODIAC

ECOLOGICAL AND ECONOMICAL

Jandy LXi heaters exceed environmental standards for Low NOx emissions. Lower emissions mean you can enjoy your pool with confidence, knowing your pool equipment is designed with the environment in mind.

- High efficiency C-Fin heat exchanger is designed to lower operating costs and provide greater savings.
- Highest efficiency rating in the industry to keep your pool heating costs low.
- Low NOx, fan-assisted combustion and Hot Surface Ignition systems provide maximum performance in all weather conditions.

— THE NEXT GENERATION IN HEATING TECHNOLOGY

Jandy innovation provides the ultimate in convenience with the Zodiac LXi control panel's remote mounting feature.

- The feature rich control panel has a user-friendly backlit display and a simplified menu for ease of operation.
- Built-in one-touch automation makes pool-to-spa switching simple.
- The LXi heaters enable easy connection to Zodiac controls, and other pool/spa automation systems and automatic valve systems.

HEATERS THAT PAY FOR THEMSELVES THROUGH GREATER ENERGY EFFICIENCY

THE VERSA PLUMB® SYSTEM

The Versa Plumb design is the foundation for efficiency and hydraulic integrity — hydraulic integration by design. Versa Plumb products have been engineered as components of the whole system, not individual pieces of equipment. The result is a pool system that conserves energy and lowers operating costs. It's friendly to your pocketbook and friendly to the environment.

ALL ZODIAC® POOL AND SPA PRODUCTS WORK SEAMLESSLY TOGETHER

The Zodiac AquaLink® RS Control System manages our complete line of technologically advanced products. The Zodiac system is designed to create a carefree backyard paradise — enhancing the overall pool and spa experience by delivering performance and reliability through technology.
